### **Parenting Tip 112**

As the warmer weather makes its way into our lives, it is a perfect time to help children learn about the beauty of God's created world and our task to be stewards of his creation. Cleaning the yard after winter, planting flowers and vegetables, picking up garbage left behind once the snow melts - these are all great ways to teach your children to honour God's world. And as a bonus, you will spend time outdoors as a family. The world is our home, help your children learn to engage with the earth. (Family Ministry Office)

### **Marriage Tip 92**

Marriage in the Catholic faith, through the love of the couple, is meant to be the visible sign of God's invisible love for his people. When people observe your relationship do they see love, patience, kindness, and commitment? If the answer is not as often as you would like, then instead of reverting to arguing, whining, or sarcasm when something goes wrong, change your response to your spouse. Be calm in stressful situations, use (learn if necessary) good conflict resolution skills and above all, commit to putting your spouse first. God is divine, but with a few changes, we can move closer to reflecting his love to all who witness our relationship. (Family Ministry Office)
