Parenting Tip 115

September brings cooler weather, shorter days and a reestablishment of order as school and fall programs begin. It’s a perfect time to examine the busy schedule(s) and discern if you are spending enough quality time as a family. Are you eating together, praying together, spending time playing together and yes, even cleaning together? Nothing will have a greater impact on a young developing mind and body than spending time with the people they depend on and love the most, their family. Make it priority number one and fill the schedule in around established family time, not vice versa!

Marriage Tip 95

September brings with it the joy of gathering the harvest from plants we have nurtured from the time of their planting. Well looked after plants provide us with food and/or beauty because of the time we have spent watering, feeding, weeding and protecting them. Marriage is like a garden in this respect – the more we nurture our marriage the stronger our love for each other grows. Like a garden we have to feed and water our marriages by spending couple time together, by talking about small and big moments and feelings, by complimenting, helping and protecting our relationship. The harvest of this nurturing is beautiful love that lasts.
